The mouth-watering Taste of Newport cookbook featuring recipes from the finest Newport, Rhode Island area restaurants and their award-winning chefs is here! This colorful high-end book serves up 272 pages of delectable recipes from 50 restaurants, caterers, local "celebrity chefs" (such as the late Doris Duke), confectionaries, and bakeries. This cookbook is the result of the first collaboration between competing local chefs.

Overflowing with a scrumptious mix of soups, salads, appetizers, entrees and desserts, Taste of Newport captures the distinct local flavors of this historic seaside community. Vibrant photography, unique design, one-of-a-kind recipes and interesting tidbits blend to create the perfect sampling of all that the Newport area has to offer. In addition to the hundreds of recipes, every restaurant, caterer, confectionary, and bakery is showcased in a special section of the book.

This cookbook was commissioned by Child & Family to mark the 25th anniversary of their annual fundraising event of the same name, "Taste of Newport." The Taste of Newport fundraiser for the benefit of Child & Family is truly one of the best examples of a community coming together to support a social service agency, which in turn supports those most in need (approximately 5,000 people annually) in Newport County and beyond. The cookbook was developed as a way of thanking the many chefs and venues that have played such an important role in the success of the event over the years. Child & Family engaged America House Communications to create this unprecedented recipe collection.

All proceeds from the sale of this book benefit the important work of Child & Family, which is one of America's oldest continuously operating (since 1866) social service agencies.
